

# Albert Creek Bird Observatory Station Checklist (2013)

The bird species checklist shown below represents all species observed to date at the Albert Creek Bird Observatory. To assign a general level of the number of records at the observatory, the following classifications are made for each species:

- Annual – species observed annually
- Annual (rare) – species observed annually, however, it is observed infrequently and/or on a small number of days
- Casual – more than one record, but not observed annually
- Accidental – one record to date
